Police Investigate Domestic Homicide in Ellicott City

Howard County police are investigating a domestic stabbing that occurred in Ellicott City today. Police were called to the 4900 blk of Webbed Foot Way shortly before 11 am. Investigators believe the 46-year-old male victim's last name is Chen, however they are unable to confirm his full identity due to a language barrier with family.

Detectives are interviewing the three family members who were home at the time of the incident. Police have not filed charges at this time.

Additional information will be released once investigators are able to provide more details.
