### **Police Charge Stepson in Marriottsville Murder**

Howard County Police have charged a Baltimore man with killing his stepfather in Marriottsville last night. Gordon Norman Overby, 25, (DOB: 10/2/77), of 903 Cooks Lane in Baltimore, was charged with first degree murder today.

Police responded to the home of Rodry Donald Webb, 56, in the 1300 block of Driver Rd. at around 9:30 last night. A relative called police after finding Webb deceased in the kitchen. Investigators determined that he had sustained multiple gunshot wounds.

Detectives worked through the night to develop leads and identify a suspect. Today, Overby, who has a history of mental illness, was brought in to the police station for questioning. A search warrant was executed at his Baltimore residence and investigators found bloody shoes and a handgun. Police detectives charged Overby this evening.
