Tips for getting started:

-  Choose new containers (or put stickers on old containers) to separate trash from recyclables.
-  Talk to your staff. A successful program needs full participation from everyone.
-  Contact your local recycling collection contractors and schedule recycling pickup.
-  Educate your employees, customers, and contractors about your new recycling program and certification!

Become Work Green Howard certified.

STEP ONE:

Gather Your Team

All companies produce waste that can and should be recycled.

Just Getting Started?

A successful program needs full participation. Gather your team for a brief planning session, grab a bin, and do some good.

Already Recycling?

Improve your current program. Visit **WorkGreenHoward.org** for a comprehensive list of recyclable materials, mail-in programs, and information on hard-to-recycle items.

STEP TWO:

Report Your Recycling

Reporting is accessible via desktop or mobile device.

Cardboard and bottles? Scrap metal? Organic waste? We want to hear about it all!
