

## What to Expect When Arriving For a Vaccine Appointment at Howard Community College

- The entrance to the HCC Athletic Center from Hickory Ridge Road is closed. All visitors must enter campus from Little Patuxent Parkway. Signage is posted around campus to help with navigation and staff will be placed outside to help with traffic flow and directions.
- **To prevent long lines from forming, please do not show up early for your appointment.** All members of an eligible group with an appointment WILL receive their vaccine.
- Handicap accessible parking is available alongside the building. Individuals with mobility challenges are encouraged to bring a walker/cane if needed. Wheelchairs are also available on-site and can be requested from vaccine clinic staff.
- Mobility issues are taken into consideration and there will be increased ability for individuals to be vaccinated in their cars.
- Restrooms are available on-site.
- Caregivers can come with you to help you receive your vaccination, but will not be eligible for vaccine themselves unless they are also in a qualifying group and have their own appointment.
- Appointments are required to receive vaccine. No walk-ins will be accepted.
- Eligibility and identity verification is performed to ensure only eligible individuals receive vaccine. Please bring proper documentation with you and do not make an appointment if you are not part of an eligible group.
- During busy times, the line forms outside. Please dress appropriately for the possibility of waiting in the cold.
- If your registration confirmation information is on your phone, make sure to fully charge your battery and keep your phone warm if waiting outside to ensure the battery is not drained for use confirming your appointment.
- Please wear a mask at all times when waiting in line and in the building to receive your vaccination.
- Please do not come for your vaccination appointment if you are feeling ill.
- You will make your second vaccine dose appointment on-site after receiving the first dose. Please look for the registration instructions in the recovery area. If you need help making your second appointment, please ask vaccine clinic staff for assistance.
