ISSUED AUGUST 23, 2017
REQUEST FOR PROPOSALS

RFP NO. 05-2018
HOUSEHOLD HAZARDOUS WASTE AND RELATED SERVICES

OPENING: AUGUST 30, 2017 AT 11:00 A.M.

<https://www.howardcountymd.gov/Departments/County-Administration/Purchasing>

This addendum is hereby made a part of this RFP No. 05-2018. Note the following information and submit the proposal accordingly.

Clarification

1. Section F, Schedule of Prices – Page 33 of 78, item A23 has been Revised to pounds (lbs.) to be consistent with light bulb/tube pricing for items A24, A25 and A26.
2. Please provide any annual report available showing the breakdown of volumes of waste received in 2016. That is included in the bid documents as Attachment A.

Question

Question #1: Is it permissible to provide alternative treatment technologies than the ones provided on the price schedule? (i.e. propose a recycle option for flammable solids rather than incineration)

Answer: Yes, that is permissible.

Question #2: Please indicate the disposal method hierarchy for this bid. How are different forms of disposal evaluated (if made permissible in question 2)?

Answer: The hierarchy for disposal is where practicable incineration, fuels blending, waste water treatment, recovery, recycle, and finally landfill

Question #3: Line item A.1 - "Paint in Cans/Cubic Yard Boxes/Incineration or Fuels Blending", does this line item contain only oil based paint in cans or is latex paint in cans included in this line item? If latex is not included, where on the bid should latex paint in cans be priced?

Answer: Latex paint cans should be stored separately for another recycling contractor to handle.

Question 4: Will the contractor be allowed to store waste onsite between events and if so what types of waste and what are the volumes limits?

Answer: Yes, supplies and partially filled waste containers can be stored on site. It is expected all full waste containers are removed after each event.

Question #5: Please provide the typical car count per collection

Answer: For calendar year 2016, on average 293 residents used the services each Saturday.

Question #6: Please provide the frequency of Emergency Calls/Response in 2016.

Answer: There were none in 2016.

Question #7: Is subcontracting of any portion of the labor permissible?

Answer: No subcontracting is allowed.

Question #8: Please provide the current contract pricing?

Answer: Contract pricing are deemed confidential.

All other specifications, terms and conditions remain the same.
