Broken Land Parkway/Twin Rivers Road Intersection Traffic Signal to be Activated

Media Contacts:

Mark Miller, Administrator, Office of Public Information, 410-313-2022

Subin George, Project Manager, Department of Public Works, 410-313-5753

ELLCOTT CITY, MD – A newly installed traffic signal at the intersection of Broken Land Parkway and Twin Rivers Road in Columbia, is scheduled to be activated around 11:00 a.m. on Thursday, October 22.

To alert motorists of the new signal, the signal will be set to temporarily flash red in all directions approaching the intersection. Motorists approaching the flashing red signal should stop before proceeding through intersection when clear. The flash operation will switch to full color (green, yellow and red) on Tuesday, October 27 by 9:00 a.m.

Variable message sign boards will be deployed in the area to alert motorists of the upcoming change to the intersection. Additional signage will be posted to advise motorists of the revised traffic pattern once it is in place.

For questions or concerns about this traffic signal, contact Lisa Brightwell, Public Works Customer Service, at 410-313-3440 or email publicworks@howardcountymd.gov.
