Haviland Mill Road improvements to begin

ELLICOTT CITY, MD – A developer project to adjust a portion of roadway near 6780 Haviland Mill Road in Clarksville is expected to begin on or about Monday, July 23. The project will involve vertical reconstruction of the roadway to provide sufficient sight distance in the vicinity of the Estates at Mill Creek subdivision. Weather permitting, the project is expected to be completed by mid-August.

During the project, a portion of Haviland Mill Road in the vicinity of the project will be closed to thru traffic. Motorists will follow a clearly marked detour using Brighton Dam Road and New Hampshire Avenue. Variable message boards and signs will be posted to alert motorists of the road closure and detour. Additionally, a recorded message at 410-313-3637 will carry details and updates regarding the project.

For questions or concerns about this project, contact Lisa Brightwell, Public Works Customer Service, at 410-313-3440 or email publicworks@howardcountymd.gov.
