Warfield's Range Pond Improvements to Begin

ELLICOTT CITY, MD – A Howard County construction project to improve a stormwater management detention pond near 10544 Hunters Way in the Warfield's Ridge neighborhood of Ellicott City, is expected to begin on or about Monday, June 22. The pond will be graded to increase capacity and to achieve optimal water quality. Also, a failing pipe barrel will be lined and the corrugated metal riser will be replaced with a concrete structure. Weather permitting, the project is expected to be completed by mid-October.

The project is not expected to impact the flow of traffic; however, signs will be posted near the project site to advise motorists and pedestrians of the construction.

For questions or concerns about Capital Project D-1159, contact Lisa Brightwell, Public Works Customer Service, at 410-313-3440 or email publicworks@howardcountymd.gov.
