Wilde Lake Water Transmission Main Project to Begin

ELLICOTT CITY, MD – Phase I of a Howard County construction project to install a water transmission main along Green Mountain Circle near Twin Rivers Road in the Village of Wilde Lake's Bryant Woods neighborhood in Columbia is expected to begin on or about Monday, April 1. The entire project will include the replacement of approximately 17,000 linear feet of corroding cast iron water main with PVC water main. Weather permitting, Phase I expected to be completed this July, with the entire project expected to be completed by late November 2020.

Brief and temporary lane shifts, as well as sidewalk closures in the current phase area, can be expected during construction hours, Monday through Friday, 8:00 a.m. to 5:00 p.m. Flagging operations will be in place to direct traffic as needed, and signs will be posted to alert residents and motorists of the construction.

For questions or concerns about Capital Project W-8322, contact Lisa Brightwell, Public Works Customer Service, at 410-313-3440 or email publicworks@howardcountymd.gov.
