Ice Cream Making

Ice cream in winter? Definitely! Join us to make your very own homemade ice cream. Choose a flavor (mint, vanilla, or one of several others), and discover how easy it is to create your own frozen treat! Plan for 15 to 20 minutes to complete the process. **Pick up your ticket at the front desk!**

Frozen Experiments

Join us for a series of fun experiments using the power of the cold to do everything from shattering a flower to creating a mini-tornado. Audience participation encouraged! The full presentation of experiments lasts ~30 minutes.

Marshmallow Roasting

Come roast marshmallows around the fire (while supplies last)!

Movies in the NatureSphere*

* Pick up your timed ticket at the front desk.

Zula Patrol - Under the Weather - Explore weather on Earth and in the Solar System with the Zula Patrol as they try to stop "Dark Truder" from using the weather to rule the Universe. Ages 5 years +.

Titans of the Ice Age - Discover the megafauna of the past - from saber-toothed cats and cave bears to dire wolves and iconic woolly mammoths. Ages 7 years +. *Content not recommended for young children.*

Ice sculpture carving

Join Kevin from Kevin's Katering as he demonstrates the art of ice sculpture carving! Full demos last ~1 hour. Audience can come and go.

Snowball Alley games

Enjoy indoor snowball games and challenges in the portion of the exhibits that we've transformed into snowball alley!

Meet a famous Ice Princess & her friends

Loved the movie, "Frozen"? Drama Learning Center will be on-site with the Ice Princess and some of her friends. Come visit them at their table and snap a momento photo!

Winter Wonderland Walks

Join staff for guided walks along the trail to discover the fascinating natural changes that occur in winter. Walks last ~30 to 45 minutes and will cover a little over half a mile of unsurfaced trail.

Wintry Crafts

Make and take crafty momentos and adorable winter crafts including cardboard tube penguins and mosaic snowmen! Materials provided while supplies last.

Cold-blooded Creatures Presentations

Get up close with live cold-blooded creatures including our snakes, salamander and turtles. Discover how they survive the winter without being able to generate their own heat. Presentations last ~45 minutes.
