James and Anne Robinson Nature Center

Frozen Fest - January 21, 2018

Description of Activities

Ice Cream Sandwich Bar

Ice cream in winter? Definitely! Join us to make your very own ice cream sandwich. **Pick up your ticket at the front desk!**

Winter Shelter Building

Join us outside in the NaturePlace to construct a winter survival shelter using gathered materials!

Marshmallow Roasting

Come roast marshmallows around the fire (while supplies last)!

Wintry Crafts

Make and take crafty moments and adorable winter crafts. (while supplies last.)

Photo Credit: Pam Franks

Frozen Experiments

Join us for a series of fun experiments using the power of the cold to do everything from shattering a glass flower to creating a mini-tornado. The full presentation of experiments lasts ~30 minutes.

Milk-jug Igloo

Come visit our milk-jug igloo and see what you can find!

Movies in the NatureSphere*

* *First-come, first-served. Arrive at the NatureSphere 15 min prior to showtime to pick up ticket.*

Zula Patrol - Under the Weather - Explore weather on Earth and in the Solar System with the Zula Patrol as they try to stop "Dark Truder" from using the weather to rule the Universe. 5 years+.

Titans of the Ice Age - Discover the megafauna of the past - from saber-toothed cats and cave bears to dire wolves and iconic woolly mammoths. 7 years+. *Content not recommended for young children.*

Ice sculpture carving

Join Kevin from Kevin's Katering as he demonstrates the art of ice sculpture carving! Feel free to come and go as you please during the demonstration.

Snowball Alley & Winter Bean Bag Toss

Enjoy indoor snowball games and challenges in the portion of the exhibits that we've transformed into snowball alley and in our Children's Discovery Room!

Meet a famous Ice Princess & her friends

Loved the movie, "Frozen"? Drama Learning Center will be on-site with the Ice Princess and some of her friends. They'll be roaming the building. Find them and snap a momento photo!

Winter Wonderland Walks

Join staff for guided walks along the trail to discover the fascinating natural changes that occur in winter. Walks last ~30 to 45 minutes and will cover a little over half a mile of unsurfaced trail.

Cold-blooded Creatures Presentations

Get up close with live cold-blooded creatures including our snakes, salamander and turtles. Discover how they survive the winter without being able to generate their own heat. Presentations last ~45 minutes. Seating is limited to 40 people for each presentation.
