Online Registration  
Begins February 5, 6pm

## Welcome to the 2025 Summer Camp Guide!

Welcome to the 2025 Summer Camp Guide – your go-to resource for keeping your child(ren) or grandchild(ren) active this coming summer!

Our team at Howard County Recreation and Parks works year-round to ensure that this brochure is packed with exciting new programs, while still offering your favorites.

Keep an eye out for new camps, including Journey to Fun with the American Girls (page 20), Cyberteck Robotics and Visual Coding (page 37), and Let's Kick It! Indoor Soccer (page 50).

Whether you're looking for half-day or full-day camps, there are many great options. Be sure to search for the sun logo ☀️ to find camps that run at least eight hours each day.

We hope you have a safe and fun summer. Your little ones are sure to reconnect with old friends and make new ones.

Mark your calendars for February 5th -- some of our camps fill quickly!

Sincerely,

**Calvin Ball, Howard County Executive**  
**Nick Mooneyhan, Director of Recreation & Parks**

### Chess Camp with Silver Knights (Formerly Magnus Chess Academy) flickr

Play and learn chess with Silver Knights! We've taught 100,000 children including national champions, but most students are beginners looking to learn and have fun! Campers are divided into groups by skill level. Activities include learning the rules, openings, tactics and endgames, studying master games, and playing lots of games against other campers. At the end of the week, receive a T-shirt and chess set. Take breaks for snacks and fresh air, and have lunch and recess from Noon-1pm. All equipment is provided.

**Cooking Ever After with Club SciKidz:** Our favorite children's stories and fairy tales come to life through cooking! Become a fairy and create your own Pixie Dust. Read and act out stories and create your own Stone Soup. The Three Little Bears comes to life as we create a bear mask and a "beary" cute treat. Join the Lost Boys of Peter Pan to create Pirate Ship Pizzas.

**Culinary Artist Extraordinaire with Club SciKidz:** Art makes the world beautiful, and cooking makes the world delicious! Culinary artists bring art and cooking together in an exciting, new way! Learn about different artists, kinds of art, and art techniques. Then prep, cook, and bake treats that use a technique, style, or specific artwork for inspiration. Learn how artists use color to express feelings and emotions and recreate Van Gogh's Starry Night on grilled cheese! Explore how different artists use geometric forms and make Kandinsky Cakes. This camp is the perfect combination of cooking and art. We can't wait to see what each culinary artist creates!

**Culinary Creations with Club SciKidz:** Come join us for a week of culinary creations! Focus on a new theme each day. Travel under the sea to learn about various sea creatures and make Octopus Cupcakes. Transport back to land and learn about insects and bugs by making Lady Bug Cookies and a healthy snack like Vegetable Bugs. Grab your camping gear to explore the great outdoors to make the cutest campfire cupcakes and some snacks that are perfect for your next camping trip! Enjoy learning about our world while making new and fun recipes.

**Cupcake Wars with Club SciKidz:** Tie on your apron and prepare for battle! Come learn about the principles of baking. Take these tools to the kitchen as you compete in a different cupcake baking challenge each day. Begin with the basics, and by the end of the week, make cupcakes and frosting from scratch. Each day has a different challenge theme (ex: 6-8 yrs: Breakfast, Color Surprise; 9-12 yrs: My Favorite Things, Summer Fun)! Prepare to get creative and enjoy the competition while learning the basics of baking!

**Galactic Kitchen with Club SciKidz:** Blast off into space with this camp favorite! Using rockets as inspiration, make Rocketship Kabobs and Rocketship Pizzas. Use science to make your very own rocket. Learn about the cosmos through delectable treats and crafts. Bake and create Space Rocks from scratch; identify constellations; and bake your own Constellation Cookies. Prepare for a close encounter while making adorable alien cupcakes and magnets. Besides baking, enjoy some painting and creating out-of-this-world picture frames and coasters.

**Game On! with Club SciKidz:** This camp uses the wonderful world of sports for its inspiration! Baseball, football, and basketball are our nation's favorite pastimes, and we're combining them with another favorite pastime – eating! Learn about (and play) our favorite sports and then create delicious recipes that connect to the sport. Make your own handheld basketball game and then move from the court into the kitchen to make basketball cake balls! Play an exciting game of tee-ball and then head back to the kitchen to do a baseball-inspired craft and make two different kinds of baseball pretzels! And golfers – never fear – you won't be forgotten! Make your very own Hole-In-One donuts! This camp is sure to be the MVP of your summer!

**Hogwarts' Kitchen Adventures with Club SciKidz:** Join Harry in the kitchen and try your hand at some magical and mystical culinary creations. Your adventure begins with Sorting Hat cupcakes and choosing and creating your own magic wand. Continue to Hogsmeade and create Butterbeer and Golden Snitch Truffles. What magical spells will you use in your creations? The Ministry of Magic will undoubtedly enjoy your treats! (Formerly called School of Culinary Wizardry. Same camp, new name!)

**Jurassic Chef with Club SciKidz:** Travel back in time to the land of dinosaurs. Learn about them through cooking! Create your very own Dinosaur Footprint Flapjacks. Hatch your own Dinosaur Egg by creating a chemical reaction. Explore the prehistoric era by making your own fossil egg and Dinosaur Dirt. Discover animals locked in time by creating Dino DNA Amber Treats.

**Kitchen Chemist with Club SciKidz:** In this camp, the kitchen becomes a scientific laboratory where you are both a scientist and chef as you learn about a variety of chemical reactions, oxidations, and the scientific method. Learn all about lemons and use this sour fruit as inspiration for a science experiment and a tasty treat. What do the Statue of Liberty, a penny, and ketchup have in common? Your camper(s) are able to tell you, along with telling you about the fourth state of matter! Who knew science could be so delicious?

**Magical Mash-Up with Club SciKidz:** Travel with us to the land of all things magical and sparkly! Glitz and glam are the key ingredients to making yummy recipes and magical crafts. Make a feast of unicorn desserts and a DIY unicorn planter. Mermaid fudge keeps our bellies full; and mermaid sugar scrub keeps our skin feeling smooth! The final stop is the enchanted forest, where we make Dragon Scale Slime and mini-Witch Cheesecakes.

**Nailed It! with Club SciKidz:** Join us for another set of exciting baking and cooking challenges! Just like in the TV show, you are given a culinary task to recreate each day. Campers are provided with the inspiration and the recipe to recreate the masterpiece. Use creativity and resourcefulness in the kitchen to make a masterpiece. Take the challenge of making homemade hamburger cupcakes, melted snowman cookies, unicorn poop cupcakes, and more! Can your chef "Nail It?"

**The Art of Cupcakes:** If you have taken Cupcake Wars' camp, then The Art of Cupcakes is the next camp for you! We will be decorating cupcakes into unique and artful creations all week long! Animal face cupcakes, floral cupcakes, and hamburger cupcakes are all on the menu this week.

**Chopped!:** Tiny Chefs, come have a blast combining recipes for every meal of the day, with the challenge of secret ingredients. Start with a recipe, and then just when you're comfortable, secret ingredients are added! Adapt the recipe or risk getting "Chopped!"

**Chopped! JR:** This is a true favorite! Combine recipes for every meal of the day, with the challenge of secret ingredients. Tiny Chefs, you start with recipes for breakfast, lunch, and dinner, but just when you're comfortable, here come the secret ingredients that require you to adapt or get "Chopped!"

**Culinary Passport:** It is said that if you want to learn about a country, start with the food. During this week of camp, each Tiny Chef learns how to create the cuisines that represent multiple countries. Enjoy cooking up some of the fabulous flavors from Italy, India, Vietnam, Mexico and France! Gain some cooking techniques and learn about ingredients that make them unique. Come join us as we expand our world and our palates.

**The Great Showdown:** If Tiny Chefs had an advanced Cupcake Wars, this would be it! Cupcakes are only getting MORE popular and more creative, and we are here to deliver! If you want to expand your cupcake palate and refine your piping skills, and if competition is your middle name, then this is the camp for you! To welcome all baking skill levels, we will spend the first several days on cupcake basics - measuring, mixing, baking, and frosting, and then finish the week with a baking battle! Small teams will face off with one another to compete for the title of "Best Cupcake!" See you at the judge's table!

**Kids Baking Championship:** Move beyond the basics and stretch your baking repertoire to include biscuits, muffins, cupcakes, fruit tarts, and dessert sauces. Learn measurements and equivalents. Gain basic techniques like folding, whisking, and rolling. Top off this cool camp with a baking battle! Small teams face off against one another to compete for the title of "Baking Champion!" See you at the judge's table!

**Let's Make Every Day a Holiday:** Get ready for a week of delicious fun as we whip up Thanksgiving pumpkin parfaits, Fourth of July cupcakes, Valentine's Day chocolate raspberry mousse cups, Halloween spider web pizzas, and Cinco de Mayo veggie quesadillas with guacamole (and much more)! What's more fun than enjoying Valentine's Day goodies in July?

**Master Chef:** Come ignite your kitchen creativity by creating recipes for breakfast, lunch, and dinner. Move beyond the basic skills of cooking and baking with challenging techniques as the week progresses. Are you the next Master Chef?

**Master Chef JR:** Spark your kitchen creativity by creating recipes for every meal of the day: breakfast, lunch, and dinner. Move beyond the basic skills of cooking and baking, as each Master JR Chef encounters challenging techniques as the week progresses. Come claim the title of Master Chef JR!

### **NEW! Journey to Fun with the American Girls of Today and Yesterday 1**

Meet two of the newest American Girls of the Year: Corinne Tan (2022), who lives in Colorado and loves winter sports, and Kira Bailey (2021), who moves to Australia and learns about the native animals (ex: kangaroos and koalas). Get to know Josefina Montoya (1824) and her life on a rancho in New Mexico. Learn about America in the 1970s from Julie Albright (1974)!

### **NEW! Journey to Fun with American Girls of Today 4**

This camp is designed especially for you, an American Girl of Today! Design and make theme-related crafts, doll accessories, and recipes for you and your doll! Themes may include Nature Explorer, Celebrations Fun, Be Active, Doll Fashion Design, and Room Decor.

### **Cook with American Girl Blaire**

Enjoy using your creativity to make yummy farm-to-table recipes using fresh fruits and vegetables, just like Girl of the Year Blaire Wilson (2019)! Make homemade goodies from scratch. Have fun measuring and mixing ingredients, putting them in the oven, and waiting for the magic to begin. Each day has different treats on the farm restaurant menu (ex: cupcakes, muffins, etc.), just like Blaire would make! Cooking emphasizes reading comprehension, math, and chemistry. While waiting for the goodies to cook, make gardening and cooking crafts for you and your doll, and more.

### **Journey to Fun with the American Girls of Today and Yesterday 2**

Have fun with two American Girls of the Year. Joss Kendrick (2020) is an avid surfer, has hearing loss, and is a beginner cheerleader; and Luciana Vega (2018) loves outer space and dreams of being an astronaut and the first person to explore Mars. Then travel back almost 100 years to learn about Kit Kittredge's (1934) resourcefulness and day-to-day life during the Great Depression in Cincinnati, Ohio. Then go back further in time to learn about Felicity Merriman (1774) growing up in colonial America.

### **Journey to Hogwarts with the American Girls**

Pack your bags and meet at Platform 9¾ to travel to Hogwarts School of Witchcraft and Wizardry. Dolls and girls alike will visit the different houses (Gryffindor, Hufflepuff, Ravenclaw, Slytherin) and take classes with Harry. Visit Diagon Alley to make the necessary school supplies for both you and your doll (ex: a wand & hat). Transform ordinary clay into wizard money. Brew a mixture in Potions class in a special doll-sized cauldron. Make chocolate frogs and other magical treats! Each day offers magical arts and crafts, cooking, games, and other hands-on activities!

### **NEW! Journey to Fun with the American Girls of Today and Yesterday 3**

Discover two of the newest American Girls of the Year: Lila Monetti (2024) loves gymnastics and dreams of winning the gold; and Kavi Sharma (2023) loves dancing (especially in her Bollywood outfit), songwriting, music, and Broadway! In addition, meet Addy Walker (1864), a courageous girl who is determined to be free during the Civil War. Learn about life over a hundred years ago with Samantha Parkington (1904), a generous girl who shares her good fortune with those in need.

## Journey to Hogwarts with Harry Potter

by Rita Snyder & Associates **flickr**

Pack your bags and meet at Platform 9¾ to travel to Hogwarts School of Witchcraft and Wizardry. The books come alive as you visit each house (Gryffindor, Hufflepuff, Ravenclaw, Slytherin) and take classes with Harry through his years at Hogwarts. Each camp includes creating different crafts, participating in plenty of hands-on activities, playing Quidditch (on brooms!) and competing for the House Cup with Harry Potter trivia. You'll have more fun if you've read the books, but it's not required. Each camp offers a unique experience. Campers do different activities based on the book for each camp, but Quidditch is played at every camp! Camps can be taken in any order.

### **Harry Potter 1: The Sorcerer's Stone**

Your invitation to Hogwarts has arrived! First-year students visit Diagon Alley to make your necessary school supplies, transform ordinary clay into wizard money, and make your own spell book. Learn to write with a quill, brew a special potion in Potions class, play Quidditch, and more!

### **Harry Potter 2: The Chamber of Secrets**

Welcome back to Hogwarts for your second year! Activities include learning spells and joining the Dueling Club, creating your own unique magical creature during Care of Magical Creatures class, making mandrakes during Herbology, creating your own wizard trading card, concocting Polyjuice in Potions class, playing Quidditch, and more!

### Harry Potter 3: The Prisoner of Azkaban

Third-year students have a special trip in store for them – visiting Honeydukes and making wizard candy! You'll also make your own Marauder's map, learn the art of reading tea leaves in Divination class, realize your worst fear as you create your own boggart and the spell to banish it in Defense Against the Dark Arts class, make a special edible potion to bring you luck in Potions class, and play Quidditch and more!

### Harry Potter 4: The Goblet of Fire

For fourth-year students, camp begins at the Quidditch World Cup! Find out what country you'll be playing Quidditch for in the playoffs. Write predictions with a quill in Divination class and contribute an article in this summer's edition of the Daily Prophet to take home! The biggest adventure of all is competing in the Triwizard Tournament, and completing each of the three tasks, if you dare!

### Harry Potter 5: The Final Saga

(Based on books 5-7 in the Harry Potter series:

**The Order of the Phoenix, The Half-Blood Prince, The Deathly Hallows)**

Your last years at Hogwarts find you testing your wizarding mettle against the dark forces of Voldemort. Train for Dumbledore's Army, take apparition lessons, design and make your own product for Weasley's Wheezing Wheezes, make food and attend Slughorn's party, and hunt for horcruxes!

### Harry Potter 6: The Magic Continues

Want more Harry Potter? Explore in-depth Hogwarts classes including Potions, Defense Against the Dark Arts, Divination, and Quidditch! Discover the "muggle" history of the magic at the heart of the Harry Potter stories. Learn about fantastic beasts and where to find them as described by the famous magizoologist, Newt Scamander. Concoct potions, create other new crafts based on Hogwarts subjects, learn "real" magic tricks from a visiting professor, play Quidditch (on brooms!) as well as do some activities you've loved from the other Harry Potter camps.

### Harry Potter 7: Baking Magical Sweets and Treats

Experience the world of Harry Potter in an entirely different way – by making foods from the Harry Potter books! Learn to bake scratch-made cauldron cakes and pumpkin pasties sold on the Hogwarts Express, special cookies from the Hogwarts School of Witchcraft and Wizardry, yummy treats found at Honeydukes, and edible Golden Snitches! While waiting for the magical concoctions to bake, you'll play Quidditch (on brooms!), cast spells, and make wizardry crafts, including your own wand and broom. Compete for the House Cup with Harry Potter trivia. You'll have more fun if you've read the books, but it's not required. Personalize a cookbook with all recipes made in camp to have on hand for your next Harry Potter party!

## Junior Counselor Training Corps

- **Registration: Complete step 1 (register starting Feb 5 at 6pm, online). Those that secure a training spot can proceed to step 2 (registration opens the first Wednesday in March at 8am).**
- **Info:** Melissa Byrne, mbyrne@howardcountymd.gov or [tinyurl.com/HCRPJR](https://tinyurl.com/HCRPJR).

### Seeking 13-16-year-olds who...

- Are proactive and take initiative.
- Possess a positive attitude and cooperative spirit.
- Have a genuine interest in working with children and developing leadership skills.

### Step 1: Training (Required) flickr

Training is designed to prepare Junior Counselors (JRCs) for on-site field experiences. It is high-energy, interactive, and hands-on. Please note that JRCs who attended training but served no field experiences in 2024 are considered new counselors in 2025 when registering. All new and returning JRCs must complete training prior to serving at any field experience, no exceptions. Returners must attend 1-day refresher training. New counselors must attend 2-day training.

#### Registration begins February 5, 6pm.

RP1890.432	Jun 24	8-9am & 3-4pm	Tu-W	\$40

### Step 2: Field Experience (Required)

Choose from a wide variety of Howard County Recreation & Parks summer camps! JRCs are required to serve a minimum of two weeks (service at more than two is welcome). Field experience selections are first-come, first-served and can fill quickly. Not every summer camp we offer is a field experience placement, but we have hundreds that are! View online ([tinyurl.com/summerjrc](https://tinyurl.com/summerjrc)) one week prior to the first Wednesday in March. Weekly fees range starting at \$25. Fees change based on half-day, full-day or multi-week field experiences.

**\*Registration begins the first Wednesday in March, 8am.**

Financial assistance available to those that qualify.

### Creative Magic Camp

with Ben Corey  flickr

Imagine the joy on your child's face as they make their first coin vanish! While mastering amazing tricks and experiencing the thrill of discovery, your child gains confidence, unleashes creativity, and develops social skills that help them shine—not just on stage, but in life. We offer two unique programs for twice the fun. Join both for double the magic! Learn more at [CreativeMagicCamp.com](http://CreativeMagicCamp.com).

#### Academy of Wizarding Arts

Unlock your child's inner wizard with awe-inspiring tricks that captivate and amaze. Levitate everyday objects, use X-ray vision to uncover hidden treasures, and impossibly shove a coin through a solid table. These feats aren't just about magic, they are steppingstones to building confidence, creativity, and connections. Spark your child's potential to bring wonder to every moment.

## Math & Science

### Spectacular Science and Magnificent Math STEAM Camp

Ignite your child's imagination with experiential learning in a fun-filled environment. Explore fun reactions, experiment with light and shadows, and make gorgeous art with science and math. Math is more fun when experimenting and playing. Learn math concepts through sorting, patterning, counting, graphing and measuring. Explore terrific tangrams and shapes. Songs, art projects and manipulatives are incorporated to help this preschool experience be meaningful & stimulating.

3-5 yrs Days: 4

### Club SciKidz

#### 4-6 years

##### Club SciKidz: Little Chemist ☀️

Whoever said that chemistry is just for older campers, was mistaken! Our youngest campers love digging into and examining the results of nearly two dozen different crazy chemical concoctions! They mix and measure their way through the week as they create several wacky and wild concoctions, including Funny Putty, Chewing Gum, and Elephant's Toothpaste. Our little chemists also learn the importance of thinking like a scientist and using the Scientific Method as they conduct experiments. As they investigate the cleaning power of taco sauce and the chromatography properties of candy, they discover first hand the importance of asking questions and being curious.

RP2950.402 St. John's Lane ES Jul 21 9am-3:30pm M-F \$415

##### Club SciKidz: Little Scientist ☀️

This unique camp offers an incredible collection of projects and experiments that amuse and amaze your little scientist! By being involved with several hands-on activities, your child explores the basic scientific ideas that play a role in everyday life. Campers create and experiment with several other projects in the course of the week such as trying their hand at rocketry, edible oceans, marshmallow catapults, and more! This is a broad-topic camp that teaches campers how the scientific method helps give us the answers to many questions.

##### Club SciKidz: Jr. Physician ☀️

Make no bones about it, this camp is for the aspiring Jr. Physician. Learn that your body contains miles of blood vessels, hundreds of muscles, thousands of hairs, a furnace, a filter, and a computer! Throughout the week, build a lung model, create a spinal column, become a lab technician as you swab and grow bacteria, and complete many more fun experiments that concentrate on anatomy and physiology. Receive your own stethoscope and percussion hammer.

### Club SciKidz: Jr. Meteorologist ☀️

Become a meteorologist for the week and discover why our weather changes! As Jr. Meteorologists, measure and record rainfall, create a water cycle wheel, build a weather station, learn about the greenhouse effect, create a terrarium, design your own tornadoes, and create "snow" during the summer! End this fun-filled week by demonstrating the three states of matter by making and eating ice cream. Throughout the week, take home projects (sun prints, UV beads, wind vane, anemometer, and a very cool rain stick)! Before you know it, you may be on the news doing the weather!

### NEW! Club SciKidz: Jr. Veterinary Medicine ☀️

Emergency Vet is a camper favorite, and we've been receiving requests for years to create a vet camp for our younger campers. Campers begin learning about what a veterinarian is and what they do. Learn the basic anatomy of and care for both cats and dogs, as well as more advanced care like stitches and treating broken bones. Learn about the different body systems, including the circulatory, respiratory, and skeleton, by making models of these important systems. Aspiring veterinarians do 20 different and engaging hands-on activities and projects! At the end of the week, all campers bring home their Future Veterinarian Kit and first-aid supply kit.

### Club SciKidz: Camp Jr. Entomologist ☀️

Calling all bug and insect lovers!! Not only are there tons of them, but they are a very important part of the ecosystem! Campers become entomologists (scientists who study insects) as they learn about insects and all of the amazing things they can do. Go on an insect scavenger hunt and practice insect identification skills, and explore cool adaptations that some insects have. Your entomologist spends a fair amount of the week doing their part to help their little insect pals! They'll use their engineering skills as they make a hornets' nest, be the architect and designer as they construct a bee home, and tap into their agricultural skills as they build a bee garden. One thing we can be sure of is that campers won't find a more complete study and fun adventure of insects than in this camp!

### Club SciKidz: Young Surgeon ☀️

Learn about the life of physicians and surgeons and be exposed to the important life-saving techniques of first aid. Numerous hands-on projects include learning about medical instruments, triage and diagnosis, and how to give a shot. We also explore the structures and physiology of the amazing human body. **Projects include** frog dissection, making herbal medicines, learning to stitch a wound, building a lung model, utilizing first-aid techniques, and splinting. Each camper receives a stethoscope, dissection kit, and first-aid supplies. Take your "Medical Boards" at the end of the week to receive your certificate.

### Club SciKidz: 3D Creator ☀️

Get a great introduction to 3D printing. Campers use 3Doodler Pens to create amazing 3D structures. Learn how to properly use the 3D pen and about its practical uses in the fields of science and technology. Students are introduced to concepts of engineering. Apply your newfound knowledge when you design, plan, and create your own 3D projects. Campers respond to engineering challenges to put their skills to the test. Some sample projects include bridge building and replicating famous structures. All 3D projects and the 3D pen are taken home by campers.

## Cyberteck Academy

### Cyberteck Academy: Minecraft Modding & Animation Using Minecraft **flickr**

**Morning: Minecraft Modding: ages 6-9 & ages 10-14**

**Skill Level: Beg.-Int.**

Create your own custom gameplay items and elements using MCreator and Minecraft. Create artwork for various items and implement into a game with custom behaviors. Design your own custom blocks, weapons, food, biomes, and more!

**Afternoon: (Ages 6-9) Animation using Minecraft- Software: Mine-imator Skill Level: Beg.**

Younger students learn how characters move and look alive in movies and video games! They are introduced to basic 2D and 3D animation techniques using Minecraft characters and stages. Kids expand their perception, observation, and timing skills, as well as exercise their imagination and storytelling by studying motion in reality; then apply it to animation. Students learn how animators work by completing a variety of short animation exercises and projects. They apply acting theories and animation principles to scenes they create.

**Afternoon: (Ages 10-14) Animation using Minecraft Software: Mine-mator Skill Level: Beg.**

Older students are introduced to basic 2D and 3D animation techniques using Minecraft characters and stages. Kids expand their observation skills and imagination by studying motion in reality and how it influences motion in animation. Older students learn about advanced tools and techniques. Students learn how animators work by completing a variety of short animation exercises and projects and apply basic acting theories and animation principles to scenes they create. Does your child aspire to become an animator? Sign up for this class today.

### Cyberteck Academy: Coding using Minecraft and Coding & Design Games with Scratch

**Morning: Coding using Minecraft**

Using a custom mod called "Computercraft," students learn how to program robots called "Turtles" inside the world of Minecraft. Kids utilize problem-solving skills by learning how to program their robots to complete various tasks and objectives such as programming their turtles to automatically build, mine, and craft items and structures. They are introduced to programming if-then-else statements, for-while loops, and implement their own functions using Lua, a simple scripting language.

**Afternoon: Coding & Design with Scratch Software: Scratch 2.0 | Skill Level: Beg.-Int**

Introduce your child to the wonderful world of programming! In this class, students learn basic programming concepts using a simple drag-and-drop interface within the software Scratch, a project developed by the MIT Media Lab. Students use their imaginations and implement creative thinking, while also learning how to create and program simple games. Use pre-made art assets or create your own, and learn how to program them, to walk, talk, and interact with objects.

## NEW! Cyberteck Robotics and Visual Coding with LEGO® WeDo and Game Design

**Morning: Robotics and Visual Coding with LEGO® WeDo | Skill Level: Beg**  
**Powered by the LEGO® Education WeDo Base Set and Software.**

Our Jr. LEGO® Robotics class combines the exciting world of LEGO® with programming to manipulate and program your own personal robots. This class is tailored to younger children who want to learn the basics of visual programming. Create commands for your robots to follow by using an application with a drag-and-drop interface that is visually simple to use, but capable of complex instructions. Learn the importance of teamwork by working together with a partner in order to accomplish the build assignment for the day.

**Afternoon: Game Design & Production**

**Software: Platinum Arts Sandbox | Skill Level: Beg.**

This special class is specifically designed for younger children to cultivate an interest in becoming game designers, multimedia artists, engineers, and more! See and learn how indie games are made. In this exciting class, use 3D geometry to create your very own video game level. Create puzzles and challenges using jump pads, elevators, lava, and more! Acquire skills in computers, mathematics, creativity, and problem solving. Enjoy this introduction to the wonderful world of video game design!

**Morning- Robotics and Visual Coding with LEGO® EV3**  
**Software: LEGO® Mindstorm Ev3 | Skill Level: Beg.-Int. | Powered by the LEGO® MINDSTORMS® Education Ev3 Base Set and Software**

Our LEGO® Robotics class combines the exciting world of LEGO® with programming to manipulate and program your own personal robot. Learn how to use simple, but powerful software to create commands with drag-and-drop visual programming. Configure different sensors that track motion, light, and touch to create the ultimate robot! Work together as a small team of young engineers to build and program your designs. This class is great for children who are hands-on and like working together in teams.

**Afternoon-Game Design & Production**

**Software: Unreal Development Kit | Skill Level: Int.**

Aspiring game designers learn how to utilize the industry-standard game design software Unreal® Editor, among other software, used to create games such as Batman: Arkham Asylum® and Mass Effect 3®. Learn how to create exterior environments and apply different procedures of modeling and texturing. Create your own outdoor terrain using advanced tools such as terrain sculpting, particle creation, and dynamic lighting. Learn how to import pre-set 3D models, control dynamic lighting, and add interactive vehicles and weapons. Learn how to use the same tools video game developers are using today!

## NEW! iCode Shark Tank: Create & Pitch Your Own Product

Campers learn how to think like a creative entrepreneur and compete in a crowded marketplace with unique solutions to tomorrow's problems. Working with professional tools like Adobe XD give campers a competitive edge and help them learn what is needed to take an idea to market. Collaborate with other campers in completing group and individual projects. These entrepreneurs have the opportunity to build a startup with their friends, create sophisticated websites, and develop marketing plans and 3D print prototypes. At the end of this busy week, these new start-ups pitch their projects to a panel of iCode's top sharks and learn how to negotiate funding!

### Practicalati Kids: 3D Printing for Beginners

Learn how to 3D model and 3D print successfully. Campers learn to design, create, and print their very own 3D models, igniting their creativity and curiosity. They'll learn to slice their models, export them as stl files, and learn to design fast and efficiently. We guide the campers through a number of designs at the beginner level. Campers print some of their designs during camp. 3D pens are an added activity during the week.

### 1KF Lacrosse Performance Camp for Boys

Focus on developing stick skills, dodge techniques, better overall shooting mechanics, and IQ on the field. Camp teaches individual and group defensive drills, and how to effectively pick up ground balls. Focus is on small group drills including 1v1 and 2v2 as well as different team drills to help develop your knowledge of the game. Camp is fast paced just like the game of lacrosse! The goal is to have a scrimmage day on Friday to close out the camp. Campers must bring full equipment. A.J. Adams, 410-313-1689 or aadams@howardcountymd.gov.

## Martial Arts

### Watchdog Krav Maga Summer Camp

This camp is a dynamic, self-defense program that blends techniques from boxing, wrestling, and martial arts to teach real-world strategies. Each day combines physical conditioning, skill drills, and scenario training to accommodate all fitness levels while fostering self-esteem, confidence, discipline, and leadership. Through playful games and engaging activities, improve coordination, learn to navigate conflicts, and develop assertiveness. This camp addresses bullying and potential threats; and empowers you to respond effectively in a safe, supportive environment. Info: Adam Zuckerman, 410-313-4720 or azuckerman@howardcountymd.gov.

### NEW! Let's Kick It! Indoor Soccer Camp

Calling all soccer enthusiasts! This camp offers the perfect setting for players to develop their soccer skills—no matter the weather. Held entirely indoors, this camp ensures every camper stays active and engaged in a fun, positive environment. Throughout the week, campers sharpen their dribbling, passing, shooting, and teamwork skills through a mix of drills, games, and friendly scrimmages. Campers are placed in small groups based on age and ability levels, promoting growth, confidence, and connection with peers. Beyond soccer, the day includes exciting group games and team-building activities, making this camp an experience full of fun and friendship. Whether your child is a beginner or an experienced player, they'll leave with new skills, great memories, and a passion for the game. Get ready to kick it with us this summer! Info: 410-313-4736.

## Play Squash Academy Camp **flickr**

Play Squash Academy (PSA) day camps are a flexible option and great introduction for those new to squash and the best place to develop young squash players who eventually outplay and outperform the competition. Campers are part of a high-energy environment, and gain self-confidence. Learn the key elements of squash which include sportsmanship, growth mindset, strategy, and skillset. Campers are divided by age and appropriate skill level. Areas of focus shift based on strengths of each camper. Camps are appropriate for players of all ages and skill levels. Players must bring protective eye goggles; Play Squash Academy provides all other equipment.

## Therapeutic Recreation & Accommodation Services

The Department of Recreation and Parks is a recognized leader in opportunities for individuals with disabilities and is pleased to comply with Americans with Disabilities Act (ADA) regulations. Individuals with disabilities are encouraged to register for general recreation programs of their choice. Howard County Recreation & Parks has developed an inclusion process to better accommodate individuals with disabilities. To ensure that we meet your program needs, please contact Emily Pendleton, Therapeutic Recreation Supervisor, at 410-313-4623 or [ependleton@howardcountymd.gov](mailto:ependleton@howardcountymd.gov), at least two weeks before the program begins to request accommodation services.

The process to request accommodations is:

### 1. Choose Your Fun/Activity

Browse through our program guide to find the activity that interests you or your family member. Howard County Recreation & Parks offers a wide range of options, and our staff is happy to help if you'd like guidance in choosing.

### 2. Register for the Program

Once you've selected a program, register online, over the phone, or in-person at any of our community centers or headquarters. When registering, please let us know that you will need an accommodation.

### 3. Submit an Accommodation Request

After registering, visit our Accommodations Portal ([www.howardcountymd.gov/tr](http://www.howardcountymd.gov/tr)) to submit your accommodation request. You'll be asked to provide details about the program and specify the type of accommodation you need. The Therapeutic Recreation team will be notified as soon as your request is submitted.

### 4. Complete the Accommodation Assessment

After submitting your request, we'll send you an Accommodation Assessment link by email or postal mail. Please complete this assessment at least two weeks before the program starts. This one-time assessment, valid for a year, provides our team with important information to support you and make the program successful. Remember, you'll need to submit a new accommodation request through the portal for each registered program.

### 5. Receive Confirmation and Discuss Accommodations

Once we've reviewed your completed assessment, a member of our team will reach out within three business days to confirm your request and discuss strategies for inclusion. Please note that adjustments to the staff-to-participant ratio are not guaranteed and are reviewed on a case-by-case basis. We are committed to providing reasonable accommodations based on individual needs, and we require that all paperwork is completed before your request can be reviewed.

If you have any questions or would like to check the status of your request, please contact our Therapeutic Recreation team. We're here to help and look forward to ensuring a positive experience for all participants!

## iCan Swim Camp **flickr**

iCan Swim is designed to teach children with disabilities to swim independently and achieve their aquatic goals as well as learn valuable water safety skills during the week-long program. iCan Swim is coordinated and managed by the Therapeutic Recreation office in partnership with iCan Shine, Inc. Participants must have a documented disability, attend all five days of the program, and a parent or caregiver must attend all five sessions and orientation meeting on June 22. ## iCan Bike Camp **flickr**

iCan Bike teaches children, adolescents, and adults with disabilities to learn to ride a conventional two-wheel bicycle. Participants begin on specialized trainer bikes, and by the end of the week, they transition to riding on their own two-wheeled bike, along with personalized recommendations from staff for continued progress toward independent biking. Goals include building riding skills, boosting self-confidence, and promoting a healthy lifestyle. A parent or caregiver must remain on-site throughout the camp and attend a mandatory orientation on July 13. Program meets daily for 75 minutes. Participants must provide their own two-wheel bike and helmet, have a documented disability, and be at least 8 years old, under 220 pounds, and able to attend all five days of camp. ## General Information

Camp information provided in this Guide is tentative. Consult [www.HowardCountyMD.gov/rap](http://www.HowardCountyMD.gov/rap) for the most up-to-date information.

### Registration

Camp fees are established by determining the cost of supplies; fees for instructors, rentals, registrations and program administration; and the price of marketing in order to deliver high quality programs at an affordable price. See our "How to Register" section on page 2.

#### **Waiver you need to sign when participating in our camps:**

In consideration of my (and/or my child's) participation in this activity, I hereby release and discharge the Organization, and its representatives, successors, and assigns, from any and all liability arising from accident, injury, and illness that I (and/or my child's) may suffer as a result of my (our) participation in this activity. I (we) also will follow the rules and regulations set by the Organization and above named parties. Parent or guardian must sign for anyone age 18 and under. I do hereby grant and give these groups the right to use my or my child(s) photograph or image in conjunction with other persons or objects and presentations, advertising, publicity, and promotion relating thereto.

We reserve the right to cancel or postpone any camp or activity due to inclement weather or low enrollment. A service fee will be imposed for all returned checks and could result in refusal of future participation. A service fee will be applied to all refunds and withdrawals with the exception of those due to program cancellation or medical/illness. There are no refunds for missed sessions. At a minimum, a 20% administrative fee applies to refund requests; additional fees may be deducted. At least two weeks advance notice is required to avoid additional charges. Summer Camps have a different refund policy and can be found in the current year brochure. See brochure or website for details about all refunds and policies.

### Participation

Only individuals who are registered may participate. Where age or grade restrictions apply, "age" usually refers to the age of the participant at the start of the program and "grade" to current grade. If any other standards apply, they will be noted in the Guide. We reserve the right to question grade or age and may request a birth certificate or other proof of eligibility.

For many programs, registrants or parents/legal guardians of minor registrants will be required to provide a signed Participant Information form at the first meeting. The purpose of this form is to ensure that participants willingly share responsibility for their own safety. All activities contain certain inherent risks that each participant assumes. Due to the strenuous nature of some activities, each participant is urged to consult his or her physician concerning his or her fitness to participate. Please note that many camps will require confirmation that immunizations are current.

A parent or legal guardian must accompany a child each day for both check-in and pick-up. It is your responsibility to sign your child in at the beginning of the program and sign your child out immediately following the program. Staff is not responsible for your child before or after scheduled activities. A fee may be assessed if your child is not picked up at the close of the program. Children must remain with the program for the full period scheduled. To leave before a day's camp is complete, a child must have written parental consent or the parent/legal guardian must pick the child up after notifying the camp director. No refunds will be issued for time missed for this or from dismissals resulting from disciplinary action.

In determining whether child is ready to participate in these activities, **please be aware that our staff does not change diapers or pull-ups.**

### Filled Programs

Space is limited in most activities — early registration is advised. If a program is filled when we receive your registration, we will contact you; you may then cancel your application at no charge, select an alternate camp or place your name on a waiting list. There is no fee to be placed on a waiting list.

### Canceled Programs

We don't like to cancel camps, but each one must meet its minimum enrollment. Don't be disappointed — register early and bring a friend! An activity may also be canceled due to circumstances beyond our control, such as the unavailability of an instructor or location. If a camp is canceled, registrants will be contacted immediately and a full refund credited.

### Financial Assistance

The Howard County Department of Recreation & Parks can provide limited financial assistance to Howard County residents who qualify. In addition to a completed application, you must provide one of the following:

- Verification of qualifying household income with your 2023 Federal Tax Transcript (or 2024 once completed) and
  - Any proof of assistance from the Department of Social Services.
- Funds are limited and a deposit of 25% of the program fee is required at least one month prior to start date with the application/registration form. Call 410-313-4659 for additional information and guidelines.

### Donate

You can make a tax-deductible contribution to our Scholarship Fund by [www.HowardCountyMD.gov](http://www.HowardCountyMD.gov) or call 410-313-4683. You may also donate online through our online registration site (click on "donation" button).

### Refunds

We recognize that you may wish to withdraw from a camp for a variety of reasons, but we encourage early decisions so as not to inconvenience other participants or affect our ability to efficiently deliver activities.

Customers requesting a refund prior to three weeks before the camp starts will be charged a 20% administrative fee, however if you request the credit to be placed on your Howard County Recreation and Parks account for future use, no administrative fee will be charged.

All refunds requested within three weeks of the camp starting date will be charged at minimum a 20% administrative fee. Additional fees may be assessed to recover costs (ex: for shirts, supplies, tickets, equipment, etc.) associated with the camp. There are no refunds given for missed camp days.

### Inclement Weather & Program Status Information

Check with your instructor about exceptions to the following circumstances and make-up dates for canceled sessions.

- If it rains, only some outdoor camps will be canceled.
- When it appears that lightning is a potential threat to participants, scheduled outdoor activities or activities in progress may be canceled.
- If there is inclement weather or an emergency plan is in effect in Howard County, scheduled camps will be canceled. Drop-in programs at Recreation & Parks facilities may run, call the facility inclement weather number, 410-313-4452.
- If schools are closed or dismissed early due to inclement weather, camps in schools will not be held.

## Snack Policy

Many of our children's activities request that you supply a snack or lunch. Due to health concerns, nut products are not served or permitted.

## Rules of Conduct

The following rules must be observed while participating in Recreation and Parks programs. Specific rules may be added for individual camps and needs.

- All tobacco products are prohibited in buildings, school property or County parks
- No food or beverages in unauthorized areas; glass containers are prohibited.
- No soliciting or loitering
- No interference with employee or volunteer duties
- No harassment, bullying, or inappropriate or indecent conduct, language, or clothing
- No unauthorized use of alcohol, drugs, intoxicants or weapons
- No parking in unauthorized areas or driving/parking on field areas
- No alteration or installation of equipment (such as basketball hoops, fences or lining)
- No defacing of property (indoors or outdoors)
- No conduct that may jeopardize the safety of others.

## Accommodations for People with Disabilities

The Department of Recreation & Parks is a recognized leader in opportunities for individuals with disabilities and is pleased to comply with Americans with Disabilities Act (ADA) regulations.

Individuals with disabilities are encouraged to register for general recreation programs. With your registration, please include information regarding your disability and any accommodations needed.

We will make every effort to provide reasonable accommodations on an individual basis. Interpretive services are available for people who are deaf, hard of hearing or have speech disabilities. These and other accommodations

can be provided to Howard County residents at no additional cost. To ensure the best experience for all participants, we need your accommodation request along with your registration a minimum of two weeks in advance of the first program date.

For transportation, contact HT Ride Paratransit Certification at 1-800-270-9553. For more information, contact Therapeutic Recreation Manager Susan Potts at 410-313-4628 or [spotts@howardcountymd.gov](mailto:spotts@howardcountymd.gov).

## Other Policies

Additionally, the Department reserves the right to

- Cancel a program for any reasonable cause;
- Deny registration or entry into a program when it deems necessary to assure public safety;
- Suspend a child from a program with no refund, after notifying a parent of disciplinary problems;
- Photograph programs, participants and volunteers for publicity purposes; and/or
- Adjust any program details printed in this brochure including fees, locations, instructors, times, days and starting dates.

## Public Meetings

For information about Howard County Recreation & Parks Advisory Board meetings, call 410-313-4640. Your comments are welcome at these sessions. Park Board members:

David Grabowski (Chair)	Shaun Lehmann
Vacant (Vice Chair)	Herman Charity
Antonia Watts (Board of Education)	Marian Vessels
Nick Mooneyhan (Executive Secretary)	Mary Catherine Cochran
Mason Godsey (Planning Board)	Shreya Dinesh (Student Member)

## Full-time, Part-time, Contingent and Contractor Employment

For an up-to-date listing of jobs within the Department, and a listing of jobs within Howard County Government, visit [www.HowardCountyMD.gov](http://www.HowardCountyMD.gov).

The Department of Recreation & Parks also needs dynamic leaders to develop and instruct programs such as art, crafts, cooking, dance, drama, language, music, science, sports or just plain fun! Do you have an interesting idea for a course or other program that could be offered to Howard County residents through the Recreation & Parks Department? We'd like to hear about it. For an informational letter, application and proposal form, visit [www.HowardCountyMD.gov/rap](http://www.HowardCountyMD.gov/rap) or call 410-313-4639.

## Volunteering

Volunteer opportunities are available in several areas including preschool and youth programs, sports, senior adult programs, natural resources, outdoor recreation and special events. If you'd like to share your time and talent, visit [www.HoCoVolunteer.org](http://www.HoCoVolunteer.org) to view opportunities and register.

## Sponsorships

There are many opportunities to become involved in the activities of Howard County Recreation & Parks through sponsorships and advertising. Info: [www.HowardCountyMD.gov/HCRPSponsors](http://www.HowardCountyMD.gov/HCRPSponsors) or Anna Hunter, 410-313-4686 or [ahunter@howardcountymd.gov](mailto:ahunter@howardcountymd.gov).
