

Launch Into Learning School Readiness Series

Introducing a new training partnership between Howard County Public Schools (HCPSS) and the Howard County Office of Children and Families (OCF). The Launch Into Learning School Readiness Series, facilitated by HCPSS staff, focuses on what kindergarten readiness looks like and how early care and education professionals can support young children and families from birth to kindergarten.

Each session focuses on a specific domain of learning that is aligned with the NEW Maryland standards to ensure the children in your program have support in all areas of development. Participants will learn effective strategies, activities and resources to support children and their families.

Participants that complete all six sessions will receive a completion certificate from HCPSS to market their participation to child care families.
